PROFILE

Creative and analytical professional with experience in graphic design, brand, and architectural visualization, now committed to a career as a Cybersecurity Engineer. Spurred by the desire to significantly expand knowledge and acquire new technical challenges, I have a keen eye for detail and methodical problem-solving capability, willing to apply these skills to the security of digital structures and a secure technology environment.

EXPERIENCE

GRAPHIC DESIGNER   April 2022 - March 2023
Al Rais Enterprises Group LLC | Dubai, UAE

Working closely with the marketing team and the E-commerce team to design various artworks ranging from promotional posts on social media and banners for the website.

- Social media posts
- Banner designs on e-commerce website
- Advertisments and promotinal materials (static/motion graphics)

CO-FOUNDER OF GRAPHIC DESIGN AGENCY
Nnan Sing Creatives Agency   March 2025 - Current

As a co-founder of a graphic design agency, I've been instrumental in building a dynamic firm dedicated to empowering small startup businesses through compelling visual identities, a role that involves:

- Leading the creative direction
- Developing impactful branding strategies.
- Creating distinctive logo designs that resonate with target audiences and drive initial market presence.
